5. Use the story web art piece.

Adaptations/Adjustments: (consider different environments)

Retell as much of the story you can remember. Share whether you liked it or not.

Extensions (Optional):

Ask an adult family member about a story that was told to them when they were a child. Will they share it with you? Do they have a favorite story? Are there any that relate to your culture or someone else's?

My favorite Haida stories are: Raven Steals the Sun, and Raven and the Big Fisherman - which leads into Raven and the Broken Beak.
